

Families and Friends

Families

We live in families.
Families help each other.
They go places together.

Jake is seven.
His family is big. He lives
with his mother, father,
and sisters.

Mandy is eight.
She lives with her
brother, grandfather,
and grandmother.

Kim is six. Her family is small. She lives with her mother.

Which family is like your family?

Friends

Friends are important, too. Friends play together. They share things.

Who are your good friends?
